

***IV International Working Group Meeting***  
**“Economic Sustainability, Employment and Exploitation  
of S&T Results in Russian Closed Cities”**

EC, Centre Borchette, Brussels, Belgium, 13-14 September 2004

***CONTRIBUTIONS LIST***

Name	Contribution Titles
1) <b>Averre Derek</b> , Center for Russian and East European Studies, Europeanb Research Institute, University of Birmingham, Birmingham, UK	<b>The Challenges in the Bio-Field and BIO-CTR Initiatives</b>
2) <b>Deffrennes Marc</b> , EC, Brussels, Belgium	<b>The G8 (Sea Island and Global Partership) and on the EU WMD Strategy</b>
3) <b>Della Ratta Raphael</b> , RANSAC, Washington, DC, USA	<b>Threat Reduction Expansion: Evaluating New Opportunities</b>
4) <b>Dillon Kenneth</b> , Spectrum Bioscience Inc., Washington, DC, USA ,	<b>Researching and Testing Innovative Nuclear Waste Solutions in Collaboration with RNCs Scientists</b>
5) <b>Garoby Roland</b> , CERN, Geneva, Switzerland,	<b>Plans for new linear accelerators of protons at CERN with the support of ISTC</b>
6) <b>Holgate Laura</b> , NTI, Washington, USA	<b>Presentation of NTI activities</b>
7) <b>Kroupine Alexandre and Chernova Marina</b> , Technical Development and Reconstruction Division, Federal State Unitary Enterprise "Siberian Chemical Combine", Russia	<b>Presentation of the activities and strategies of the “Siberian Chemical Combine”</b>
8) <b>Mallin Monte</b> , NCI – National Nuclear Security Administration, DOE, Washington, USA	<b>The Nuclear Cities Initiative: Lessons Learned and a Path Forward</b>
9) <b>Martellini Maurizio</b> , LNCV, Como, Italy	<b>Presentation of IWG for ENCI and its expansion to meet new challenges and opportunities</b>
10) <b>Meyer Uwe</b> , ISTC, Moscow, Russia	<b>ISTC: Creating Civilian Job Opportunities for Former Weapons Scientists in Russia</b>

<b>11) Mercalli Franco</b> , Centro Volta, Como, Italy	<b>On the technology exchange between the RNCs and the small-medium/size enterprises</b>
<b>12) Mladineo Steven</b> , PNNL, Washington, US	<b>Zheleznogorsk City Strategic Planning: A Russian Exercise in Citizen Participation</b>
<b>13) Noble James</b> , IPP – National Nuclear Security Administration, DOE, Washington, USA	<b>DOE/IPP Program Projects in the Russian Closed Nuclear Cities</b>
<b>14) Organ Nicholas</b> , DTI, London, UK	<b>UK- Russia Closed Nuclear Cities Partnership: the UK response to a global security threat</b>
<b>15) Sterekhov Vladimir</b> , Federal Agency for Atomic Energy, Moscow, Russia,	<b>Presentation of FAAE and Status of the conversion programs in the RNCs</b>
<b>16) Vincent David</b> , DTI, London, UK	<b>The UK-Russia Cooperation Model and Re-orientation of IWG</b>
<b>17) Vorontsova Olga</b> , RFNC-VNIIEF, Sarov, Russia	<b>Problems with commercialization of the technologies from nuclear research centers (reference to VNIIEF projects as an example)</b> <b>Innovative Development and Open Science Park in the ZATO of Sarov</b>
<b>18) Williams David</b> , CERN, Geneva, Switzerland,	<b>Cooperation between CERN and Russia in various frameworks</b>
